Honourable Graham P. Bruce
Minister of Municipal Affairs,
Recreation and Culture
Parliament Buildings,
Victoria, B.C.
V8W 1X4

Dear Mr. Bruce,

On behalf of the Board of Directors
it is my pleasure to submit the 1991/92
Guide to Programs which includes the
thirteenth Annual Report of the British
Columbia Heritage Trust, for the year
ending March 31, 1991.

Respectfully submitted,

A handwritten signature in black ink, which appears to read "M. Patterson". The signature is fluid and cursive, with a large, stylized "M" and a long, sweeping underline.

Chairman's Message

This Guide to Programs outlines the funding programs that are available to local governments, nonprofit organizations, educational institutions, and individuals who are interested in the preservation and presentation of British Columbia's heritage resources.

As well this booklet gives an overview of the Trust, its activities, and its operations including the application process.

New for this year is the consolidation of the 1990/91 Annual Report and the Guide to Programs. This was done to demonstrate the type of projects that each program supports and to make more information available in a single package.

This year each program area is followed by a listing of the projects that were funded in the 1990/91 fiscal year.

I encourage you to use this document and to discuss any initiative that you may be considering with the Trust staff. It is our experience that the most successful heritage projects result from a partnership between the Trust and British Columbians working in their communities.

We look forward to working in cooperation with the heritage community to further preserve, develop and present our province's heritage resources during the coming year.

Mike Patterson

Chairman

British Columbia Heritage Trust

Minister's Message

From Cranbrook to Prince Rupert, to Nanaimo to Osoyoos, people are contributing their energy, expertise, and resources to the preservation and development of our province's heritage. As the Minister responsible for heritage, I am pleased to present the British Columbia Heritage Trust's **1991/92 Guide to Programs** which includes the **1990/91 Annual Report**. This year we have consolidated what was previously two booklets into this one package for your reference and convenience.

This consolidation demonstrates our continuing efforts to support and facilitate the activities of heritage workers throughout the province in as many ways as possible. My government is committed to the preservation of our province's heritage resources and to the provision of funds, programs, advice, and recognition of the work that is both being done and that needs to be undertaken.

Our support is provided on a partnership basis with individuals, community organizations and local governments. We well recognize and appreciate the contributions that so many British Columbians make to the preservation and presentation of our shared heritage. Without your involvement, the achievements of the past year would not have been possible.

As we embark on the coming year, I look forward to the work that will be proposed, initiated, and completed. The scope and quality of heritage work in the province is truly outstanding and reflects the commitment and dedication of heritage workers in all regions of the province.

This **Guide to Programs** is provided as a reference for your use to plan new projects, review the activities of the past year, and to make contact with organizations that have experience in areas you may be considering. To further assist you in any planning exercise, a professional staff at the B.C. Heritage Trust offices is available to discuss your proposals.

Again, I extend congratulations to each of you for the successes of the past year and encouragement for the achievements that are to be attained.

Some Basic Information

What is the British Columbia Heritage Trust?

The B.C. Heritage Trust was established in 1978 under the Heritage Conservation Act to support heritage preservation in B.C.

The Trust is a provincial Crown corporation and reports to the Minister of Municipal Affairs, Recreation and Culture.

What does the Trust do?

The Trust helps communities and organizations to preserve, restore, present, and display B.C.'s heritage resources, by providing a broad range of services including financial support and professional advice.

The Trust board of directors meet every two months in regions throughout the province to adjudicate grant applications, meet with community leaders and discuss the development of heritage resources.

The Trust also promotes the awareness of and participation in heritage conservation through communication and promotion programs.

In addition to administering the grant programs detailed in this Guide, the Trust manages the Community Pride Program and five historic properties, such as The Grist Mill at Keremeos and Historic Hat Creek Ranch near Cache Creek. For details about these activities, please contact the Trust offices in Victoria.

Who runs the Trust?

A board of directors, appointed by the Cabinet, oversees the Trust. Each of the nine members represents a region of the province as well as a specific professional interest such as archaeology, public affairs, history or law.

Management services and technical advice are supplied by the staff of the Heritage Conservation Branch.

The main link between the Trust and the Branch is provided by the director of the Heritage Conservation Branch, who is also the executive officer of the Trust.

How is the Trust funded?

Each year B.C. Lotteries allocates funds to the Trust. The Trust is the primary agency through which the government supports community based heritage projects.

As a Crown Corporation, the Trust issues tax receipts for contributions from individuals and corporations. Contributors may assist a specific program or project.

All programs depend on the availability of funds.

Who may apply?

- local governments including municipalities, regional districts and Indian bands;
- post-secondary institutions;
- religious organizations;
- provincial heritage organizations;
- nonprofit organizations and societies which are registered under the Societies Act of B.C.; and
- individuals (Scholarship Program only).

When?

Applications for financial assistance under Trust programs may be made any-time. However, the Scholarship Program has an annual application deadline of February 15.

Submissions to programs must be made at least one month before a board meeting.

Dates to Note, which lists Trust meeting dates, appears on page 32.

Please note: To ensure the successful completion of your project, it is important that contact be made with the Trust at the earliest stages of your planning.

How?

Groups planning a heritage project should first complete the letter of intent included with this Guide and send it to the Trust.

The proposal must be approved before work begins as the Trust does not fund projections retro-actively.

For most programs, application forms are provided by the Trust, and these must be used. Details of the appropriate application method will be mailed to you when the letter of intent is received.

It is important to answer all questions on the application form in detail, as this information helps the Trust to assess the project and the request for financial assistance.

Each application should be accompanied by a letter of endorsement from the appropriate level of local government.

Because the Trust usually awards funds on a cost-sharing basis, applicants are expected to show that significant funds from other sources have already been committed to the project.

Please note: The Trust cannot be responsible for damage or loss of any material submitted with an application.

Eligible Projects

The Trust funds initiatives that conserve, preserve, develop or present the province's heritage resources on a one-time only project basis. Operating expenses are not considered nor are projects that are seen to be a function of the operations.

How are proposals judged?

In reviewing project proposals, staff first check to make sure the following conditions are met:

- Applications must be complete. Those with incomplete information are returned with a request for more details.
- Projects must be eligible. When they are not, staff may be able to suggest alternative programs.

Complete applications are then assessed by the board of directors, which makes the final decision on proposals under \$200,000.

Projects requiring more than \$200,000 must be approved by both the board of directors and the Minister of Municipal Affairs, Recreation and Culture.

There is no limit on the number of proposals that can be submitted from any single area of the province, but when there are several from the same area, the local government is expected to set priorities.

There is also no limit on the number of proposals received from organizations, but the board of directors will examine realistic time commitments, budget restrictions, etc. to confirm the viability of the initiatives.

How are decisions announced?

Immediately after each board meeting, sponsors of projects considered receive a letter telling them whether or not their project was successful.

When a project is successful, the letter will outline terms which must be met by sponsors.

When a project is unsuccessful, reasons for this decision are stated.

When a project is deferred, the specific information required for the board of directors to make an assessment will be requested.

What conditions are set by the Trust?

Those carrying out heritage projects supported by the B.C. Heritage Trust are required to:

- Complete projects within 24 months of the date of the award, unless otherwise noted.
- Acknowledge the government's assistance by placing the following message on project promotional materials:

Financially assisted by the Ministry of Municipal Affairs, Recreation and Culture through the British Columbia Heritage Trust and B.C. Lottery revenues.

- Provide reasonable access to the project for evaluation and consultation.
- Document the project through pictures, and provide a selection of colour negatives and/or original transparencies to the Trust. These photographs, including non-exclusive reproduction rights, become the property of the Trust. Some projects must meet special requirements, such as progressive

photography, black-and-white negatives or special format photography. When the Trust needs pictures of specific elements for its files, access by photographers contracted by the Trust is appreciated.

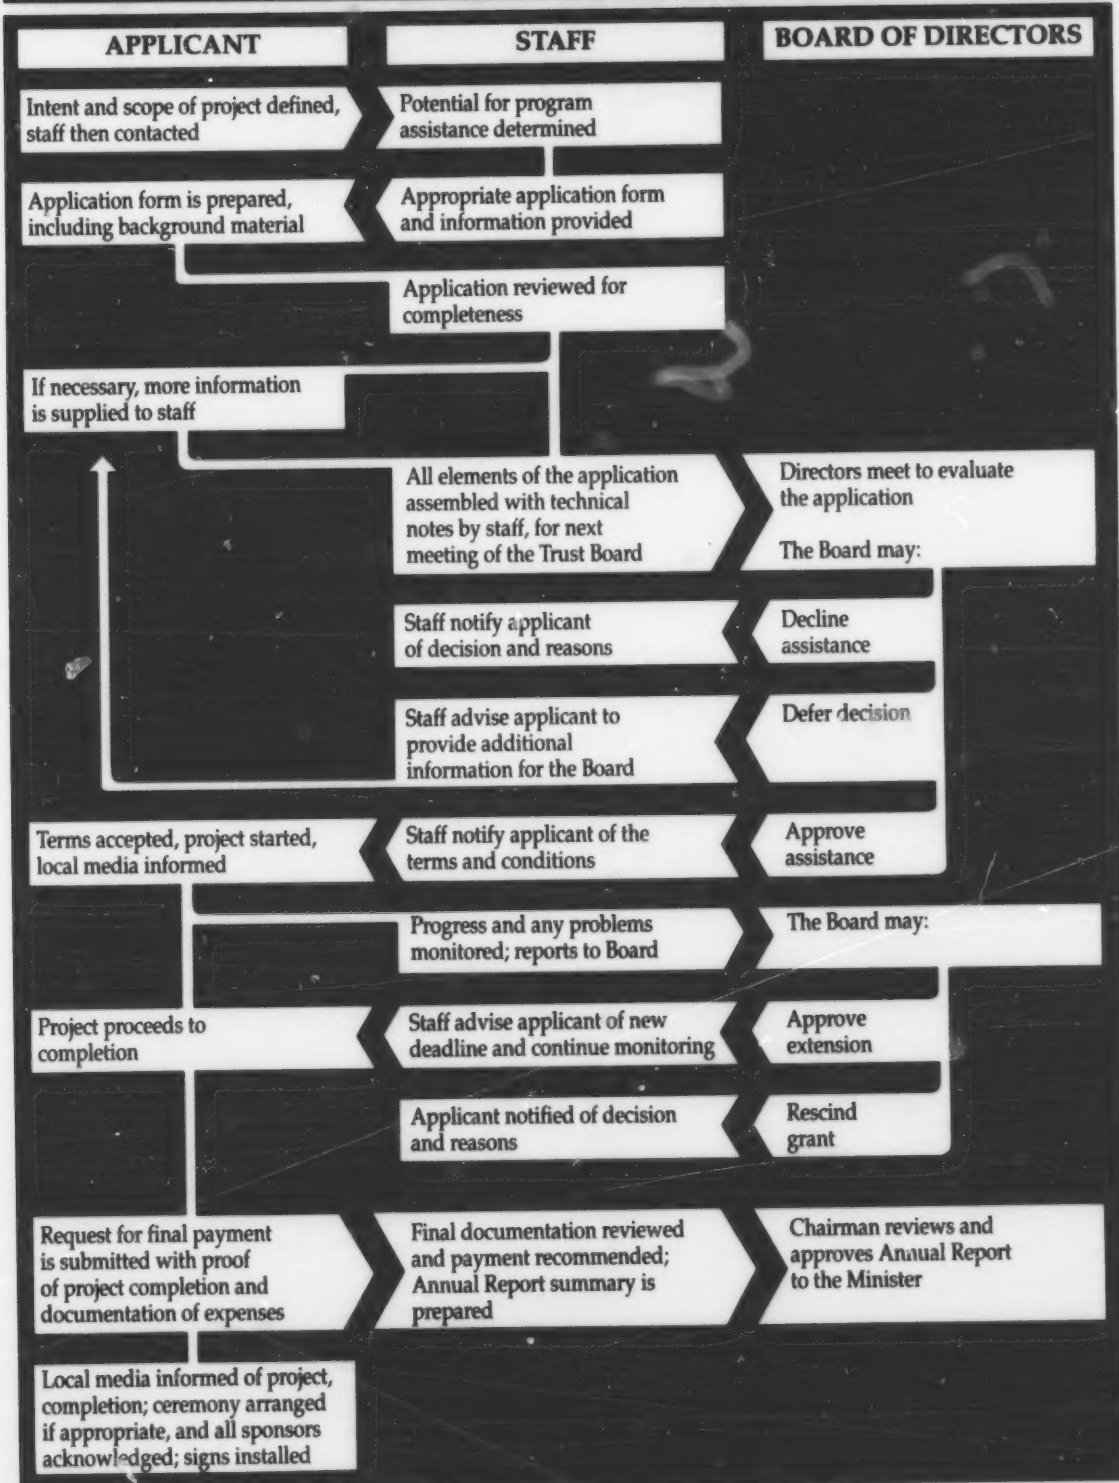

- Discuss any modifications to the project's objectives or budget with Trust staff *in advance*. Some changes may need board approval.
- Submit a financial and work-completed-to-date progress report before each periodic payment.
- Submit a final summary report of the overall project. This must be done before the final payment can be made.

If you have any questions about the programs of the British Columbia Heritage Trust, application procedures or applications already completed:

PROGRAMS

North Pine United Church, Fort St. John, in 1940.

NORTH PINE UNITED CHURCH

Archaeology

Program Goal

The Archaeology Program provides funding for historic, prehistoric and underwater archaeology research projects in B.C.

Use of Funds

Trust funds may be used for:

- background research;
- archaeological excavation;
- material analysis; and
- ongoing public interpretation.

Trust funds may not be used for field school costs and are generally not available for salvage associated with development.

Funding Details

The maximum funding per project is \$100,000. Sponsors are expected to show that significant funds for financing or support services have been obtained from other sources. Projects may last up to three years.

How to Apply

Complete the application form provided by the Trust.

The application must show that:

- in most cases, the principal investigators will supervise the project at no cost to it;
- the proposal will qualify for a permit from the Archaeology Branch of the Ministry of Municipal Affairs, Recreation and Culture; and
- a public institution or society in B.C. will permanently store, maintain and ensure the continued use of any field or research equipment purchased with Trust funds.

The application must include:

- an abstract of the proposed research project;
- theoretical significance, in general;
- specific theoretical significance, from archaeological or historical perspectives;
- identification of specific problems to be researched;
- research plan scheduling;
- a detailed summary and budget (excluding overhead charges);
- a discussion of specific budget items;
- any applications for other sources of funding for the project; and
- plans for disposition of materials.

Applicants are also encouraged to include an ongoing public interpretation element in their proposals.

Please note: Both the Planning and Inventory Program and the Historic Landmarks Program may support projects involving archaeological resources. Ask Trust staff for advice on preparing appropriate project proposals.

Archaeology Awards – 1990/91

Keatley Creek Analysis \$15,000

Simon Fraser University Archaeology Department will prepare an analysis of materials collected during the past five years of excavation at the Keatley Creek archaeological site, near Lillooet.

Montague Harbour Underwater Heritage \$31,050

The Underwater Archaeological Society of B.C. will develop and test methods of exploration and assessment of the archaeological potential of submarine sediments in Montague Harbour, Galiano Island.

Montague Harbour Underwater Heritage - Year 2 \$23,050

Awarded to the Underwater Archaeological Society of B.C. to conduct a second season of research at Montague Harbour, Galiano Island, including further excavation of underwater and intertidal prehistoric deposits.

Mowachaht Archaeology Project, Phase 2 \$37,350

This award will assist Simon Fraser University Archaeology Department with further site surveys and detailed site mapping in the Nootka Sound area.

Obsidian Artifacts Library \$45,000

Simon Fraser University seeks to determine the specific natural sources of obsidian artifacts in B.C. institutional collections, using elemental content determined by x-ray fluorescence, a non-destructive chemical analysis technique, and to develop a library of obsidian sources.

Osteometric Analysis of Prehistoric Dogs \$3,700

The University of Victoria Archaeology Department will conduct a study of archaeological dog remains to differentiate two breeds reported ethnographically.

Spahomin Archaeological Inventory \$11,450

Support to the Upper Nicola Indian Band for an initial phase of a three-phase archaeological program in the their traditional territory, near Merritt.

Toquaht Archaeological Project \$43,980

Awarded to Douglas College, Social Sciences Department, to conduct an archaeological research program in the area centred around Toquaht Bay, just east of Ucluelet, in Barkley Sound. This three-year project will include an intensive shoreline survey, informant interviews and excavation of two village sites.

British Columbia Historic Landmarks

Program Goal

The British Columbia Historic Landmarks Program funds the development of landmark heritage resources that have played a major role in the history of the province or a region within it.

Generally, this program addresses the needs of buildings, sites and objects located in areas which do not have a large tax base.

Use of Funds

Trust funds may be used for:

- exterior restoration or rehabilitation, including labour and material;
- improvements designed to enhance safety, such as installing fire detection and suppression systems and increasing earthquake resistance;
- presentation needs, such as for marketing initiatives and displays; and
- site development such as access, orientation, infrastructure and related non-recurring capital expenses.

The Trust expects that a significant amount of the funds requested will be for restoration.

Project Information

To be eligible for funding under this program, heritage resources must:

- have played an important role in the history or prehistory of B.C., and be recognized by local, provincial or federal agencies for their historical and/or architectural merits;
- be designated or otherwise legally protected
- be made readily accessible to the public;
- be the property of the local government, or otherwise publically owned; and

- be *in situ* and represent design and structural integrity.

Funding Details

Funding of up to \$250,000 per landmark is available for capital improvements and nonrecurring expenses on a one-time, cost-sharing basis.

Funds can be released over several years to the organization managing the development and presentation of the landmark resource.

How to Apply

The appropriate local level of government, which will be responsible for overseeing the project and administering funds, must apply by project portfolio to the executive officer of the British Columbia Heritage Trust.

Sponsoring organizations must submit:

- a detailed restoration plan for the resource;
- a completed business plan showing that the project will increase business, tourism or cultural opportunities;
- a completed (and adopted) maintenance plan for the resource; and
- a demonstration of strong community support, including a firm financial commitment to manage and maintain the resource as part of a regional network of heritage resources.

British Columbia Historic Landmarks Awards – 1990/91

**B.C. Museum of Mining,
Britannia Beach** \$235,000
Awarded to the Britannia Beach
Historical Society to stabilize, restore
and present the historic village aspect
of this site.

**Britannia Shipyard Complex
- Stage 2** \$250,000
A grant was awarded to the City of
Richmond to revitalize this shipyard
through restoration and active public
programming.

North Pacific Cannery \$35,000
Awarded to the Village of Port Edward
to undertake examination of the
pilings and dolphins on which the
North Pacific Cannery was
constructed, to determine the extent of
remedial work required.

O'Keefe Ranch, Vernon \$10,000
O'Keefe Ranch and Interior Heritage
Society will use this award to prepare
a Management Plan to direct the
development and presentation of this
historic site.

Royal Theatre, Victoria \$23,396
Originally built as an opera house in
1912, this unique Baroque Revival
styled building now accommodates a
wide variety of cultural events. This
grant will further the restoration of the
Royal Theatre by the McPherson
Playhouse Foundation.

S.S. Sicamous \$240,000
The City of Penticton was awarded
this grant to undertake the restoration
of the S.S. *Sicamous* over a five year
period.

The North Pacific Cannery.

VILLAGE OF PORT EDWARD

Building Restoration

Program Goal

The Building Restoration Program helps with the *exterior* restoration of individual designated or otherwise protected heritage buildings that are publically accessible and are owned by a local government or nonprofit heritage organization.

Trust funds are for exterior restoration of a building. Restoration must be the main purpose of all projects funded under this program, and historical accuracy based on the original design must be emphasized.

When exterior restoration is part of a larger project, the Building Restoration Program helps only with costs directly attributed to the exterior restoration—other project costs are not eligible.

Maintenance and operation costs are *not* funded under this program, and the building must be on the priority list of a city, municipality or regional district.

Funding Details

Funding per project is 50 percent of eligible costs, to a maximum of \$60,000. Funding is made on a once-only basis.

When the applicant is a local government council, the Trust will release the funds to it directly for administration.

When the applicant is a historical society, community organization or other group, funds may be released in trust to the local government council, which is then responsible for administration of those funds.

How to Apply

Complete the application form provided by the Trust.

The application must include:

- a copy of the designation bylaw, or an equivalent agreement or Band bylaw providing long-term legal protection from demolition or removal;
- property details, including ownership and state of title of both the building and the land on which it is situated;
- a letter of support or a similar resolution from the local government council stating the priority of the project within the area's total heritage program;
- on the budget sheet, indication of financial support from local council; and
- both historic and current photographs detailing all possible elevations;
- copies of any relevant architectural, engineering, or historical studies.

Building Security Assistance

Funds for building security systems are available as a supplement to a building restoration project.

Fire detection and suppression systems, intrusion alarms and seismic (earthquake) upgrading are all eligible for financial assistance.

The maximum funding per project is \$12,500, and applicants are expected to contribute significantly to costs. However, in exceptional cases, the Trust may fund up to 100 percent.

Projects under both the Building Restoration Program and the Religious Building Restoration Program qualify for funding.

Applications to those programs should include a description of any building security work to be done, such as the type of system to be installed, and a detailed budget covering purchase and installation costs.

Moved Buildings

Under the Building Restoration Program or the Religious Building Restoration Program, the Trust may, in exceptional circumstances, support the exterior restoration of buildings which have been

moved from their original site to avoid demolition, as follows:

- 50 percent up to \$60,000 for buildings moved slightly to allow road-widening, etc.;
- 50 percent up to \$30,000 for buildings moved from their original site or context to a similar site or context; and
- 50 percent up to \$6,000 for other moved structures.

The proposed move should be discussed with Trust staff before any work is begun.

Building Restoration Awards – 1990/91

Bowen Island Causeway Restoration

\$16,000

The Greater Vancouver Regional District Parks Department will use this award to stabilize and restore the causeway in Crippen Regional Park on Bowen Island. First built in 1925 by the Union Steamship Co., the causeway provided access from the ferry wharf to the nearby resort hotel.

Delta Agricultural Hall

\$10,000

Awarded to the Greater Vancouver Regional District to complete the restoration of this 1894 structure.

Former E. & N. Station, Port Alberni

\$30,000

The Alberni Valley Museum will return this structure to its 1911 appearance, for use as a "living-train" station for the tourist train, accommodating exhibits pertaining to its history.

Gertrude Lawson House

\$54,000

The City of West Vancouver purchased this prominent building in 1989 and is restoring it for future use as a museum and archives.

The former E. & N. Station.

Gertrude Lawson House, Security

\$6,500

To install security systems in the Gertrude Lawson House, as part of the restoration of this building by the City of West Vancouver.

Goward House, Saanich

\$56,000

The Goward House Society will revitalize this 1908 former residence for use as a seniors' social and cultural centre.

Hook Sin Tong Building, Victoria

\$54,000

This 1912 building was originally built to provide housing and headquarters for Society members. The Hook Sin Tong Society will stabilize and restore the building.

McLean Sawmill, Port Alberni \$55,000

The McLean Sawmill is the province's most complete example of a logging and sawmill complex from the pre-World War II period. The Alberni Valley Museum will initiate emergency stabilization work on the mill buildings.

Mumford Cabin, Creston \$229

To assist Creston & District Historical & Museum Society in completing the restoration of this 1920s trapper's cabin.

Palling Heritage Centre, Burns Lake \$14,106

This grant will assist the Palling Recreation Commission with the restoration of a 1940 school building for use as a community centre.

Rattenbury Home Restoration, Oak Bay \$21,500

The Glenlyon-Norfolk School Society will undertake the restoration of this historically important and highly visible structure, originally built by F.M. Rattenbury as his residence.

The former Rattenbury residence.

Salt Spring Community Centre, Ganges \$60,000

Awarded to the Salt Spring Island Community Society to restore the Lady Minto Hospital complex, the first hospital in the Gulf Islands, for use as a community centre.

Seaplane Base Recreation Hall, Ucluelet \$9,900

Built in 1941 as part of the R.C.A.F. seaplane base at Ucluelet, the Village of Ucluelet will restore this building for continued use as a community centre.

Stewart Barn Stabilization and Restoration \$60,000

Situated in Elgin Heritage Park, in the Fraser Valley, the Stewart Farm is an excellent interpretation centre for farm structures and pioneer family life. The Surrey Parks and Recreation Commission will stabilize and restore the 1890s log-pole barn.

St. Philip's By The Sea, Lantzville \$3,100

The Lantzville Improvement District will refurbish this former Anglican Church and use it as a community centre.

Weeks House, Vancouver \$26,100

Awarded to the Vancouver Board of Parks and Recreation to assist with exterior restoration work on the 1896 Weeks House, to be used as a pre-school.

Zeballos Museum Building \$2,250

Once the home of the Nootka Mission Association, founded by Dr. McLean in 1937, the Village of Zeballos will use the grant to revitalize the Zeballos Museum Building.

Community Heritage Development

Program Goal

The Community Heritage Development Program supports projects that further the development of both community heritage resources and community-based organizations. This program has three divisions — History, Exhibit and Study, and Architecture and Landscape Architecture.

Use of Funds

Under this program, the Trust funds three distinct project components, which must be detailed in the budget:

- salary, up to a maximum of 70 percent of the total budget;
- project supplies and services; and
- follow-up costs, such as display or presentation.

Project Information

Projects funded under this program must be completed within 12 months of the date the application is approved. Applications may be submitted at any time of the year.

It is important to note that the follow-up or "product" of this project is as important as the research or earlier work. The product is a promotional tool that should be used by the project sponsors to increase heritage awareness and understanding in their community.

Funding Details

Project sponsors are expected to fund at least 25 percent of the total project budget through other sources which may include the value of volunteer contributions from individuals or groups.

Funds are paid out upon written request as follows:

- one-third of the total amount at the beginning of the project;
- one-third when research, compilation and organizational work is completed; and
- one-third when the Trust office receives the original finished product or documentation of the product when, for example, the project resulted in a display.

The final submission must be accompanied by a written report and appropriate colour photography (or other specified pictures) to describe and illustrate the project.

Program Divisions

History

The maximum amount available under the History division is \$8,000.

Funds may be granted for:

- compiling and preserving materials relating to local histories;
- preparing manuals and resource guides for the identification of heritage resources;
- documenting records; and
- developing bibliographies.

The Trust encourages projects that would be province-wide sources of information or "how to" guides, and/or contribute to the knowledge of B.C.'s heritage.

Exhibit and Study

The maximum amount available under the Exhibit and Study division is \$8,000.

Funds may be granted for:

- preparing manuals on the care of materials;
- developing informational catalogues on special collections;
- interpreting special programs;
- research for specific traveling exhibitions; and
- carrying out defined studies.

The Trust encourages projects that focus on public education through outreach programs and travelling exhibitions. The Trust does not fund projects that produce only a permanent display.

Architecture and Landscape Architecture

The maximum amount available under the Architecture and Landscape Architecture division is \$12,500. That amount is higher than the funding available under other divisions because, usually, two employees are required for architectural projects.

Funds may be granted for:

- "as found" drawings of significant heritage structures;
- preparing manuals on methods of producing architectural drawings;
- compiling guides to architectural styles;
- developing landscape plans for historic sites; and
- evaluating historical landscapes.

How to Apply

Complete the application form provided by the Trust.

The application must be accompanied by:

- a complete statement of experience and/or a resume for both the person who will undertake the work and the person who will oversee the scheduling of work;
- a letter of support from the local government, where appropriate;
- a brief history of the sponsoring organization, if this is other than the local government; and
- indication of access to, or support of, relevant professional disciplines, if applicable.

Community Heritage Development Awards – 1990/91

The 1891 Census: Victoria \$8,000

Awarded to the University of Victoria Public History Group to complete a reorganization and computer listing of the 1891 census to make it more useful for researchers.

B.C. Local Histories

Bibliography - Phase Two \$6,550

The B.C. Library Association will complete Stage 2 of a bibliography of local histories for the province.

Canadian Collieries Railways \$8,000

The Cumberland & District Historical Society will use this grant to compile historical documentation, including photographs and oral interpretation, into a manual pertaining to the local history of the Canadian Collieries Ltd. Railway.

**Creston & District Historical
& Museum Society**

\$2,000

Creston and District Historical and Museum Society received an additional award to continue indexing and cataloguing of material recently donated to the Creston Archives, including the files of the *Creston Review* newspaper.

CRESTON ARCHIVES

Cataloguing at the Creston Archives.

The Delta Flatlands

\$2,959

The Delta Museum and Archives will conduct archival research and prepare an audio-visual presentation on how the Delta Flatlands provided both an attraction and a challenge to early development.

**Entertainment Hall of Fame,
Vancouver**

\$8,000

Awarded to Vancouver Civic Theatres to research, design and implement a series of displays for the historic Orpheum Theatre's B.C. Entertainment Hall of Fame.

Esquimalt Municipal Archives

\$3,500

The Esquimalt Municipal Archives will use this grant to document the first-hand recollections of long-time residents as they relate to life and community developments in Esquimalt. In addition, a photographic record of these individuals will be obtained.

Nelson Electric Tramway

Recording

\$1,440

The Nelson Electric Tramway Society will undertake the recording of the Nelson Tramway restoration project.

Pacific Spirit Regional Park

\$8,000

Formerly the University Endowment Lands on Point Grey, this historic natural area is now preserved as park land. This grant will aid in the compilation of a historical report as a guide for the development of the park.

The Reclamation of Sumas Lake

\$7,993

Awarded to the Matsqui-Abbotsford-Sumas Museum Society to produce a travelling display on the 1924 Sumas Lake Reclamation Project.

Roedde House Preservation Society

\$7,500

This grant will enable the Roedde House Preservation Society to prepare a travelling display on the history of Roedde House, Vancouver's first house-museum. The pioneer Roedde family settled in the West End, starting a unique bookbinding business.

Rocky Mountain Rangers,

Kamloops, 1991

\$8,000

To further expand the Rocky Mountain Rangers Museum and Archives by creating a travelling exhibit depicting the history of the Rangers in the Kootenay region.

Ross Bay Cemetery, Victoria

\$7,719

The Old Cemeteries Society plans to create a slide presentation about the heritage value of historic cemeteries, for the Grade 5 Social Studies program.

Ross Bay Cemetery.

Salt Spring Archives – Phase 2 \$5,000
Salt Spring Island Historical Society will employ a trained archivist to assist in establishing an archives program for the community.

Shaughnessy Heights Property, Vancouver \$11,350
The Shaughnessy Heights Property Owner's Association recognizes the need to prepare a master plan for the retention of their neighbourhood's distinctive character. Originally, Shaughnessy Heights was developed in 1907 by the C.P.R. as an exclusive single-family residential area.

Spilsbury Research \$6,299
The Pacific BookWorld News Society will compile historic film footage, audio tapes and related materials on the history of Jim Spilsbury, a colourful British Columbian whose extensive knowledge of B.C.'s coast is unparalleled.

The Spirit of Brewery Creek \$8,000
This grant enables the Just Push Play Audiomotion Theatre to produce a self-guided walking tour/drama based on the history of the Brewery Creek/Mount Pleasant area of Vancouver.

Strathcona Centennial Photo Retrospective \$4,815
To prepare a travelling exhibit in honour of the centennial of the Lord Strathcona School in Vancouver.

St. Michael's Residential School \$8,000
Awarded to the U'Mista Cultural Centre to prepare an exhibit of old photographs and artifacts about the history of St. Michael's Residential School at Alert Bay.

Summer: Haying, Irrigation, Weed Control \$6,440
In preparation for a summer exhibit, the B.C. Farm Machinery and Agricultural Museum at Fort Langley will undertake research on the collection pieces obtained over the years.

UBCM History - Phase One \$8,000
To compile a historical database on the development of the Union of British Columbia Municipalities.

Wells Historical Photograph Show \$4,600
The Wells Historical Society will catalog, copy and identify early photographs of Wells, and choose fifty for use in gallery and local business displays.

Community Heritage Commemoration

Program Goal

The Community Heritage Commemoration Program helps local governments and nonprofit organizations to recognize individuals, organizations, sites and events that are important in the history of British Columbia.

Use of Funds

Trust funds may be used for the creation and installation of a plaque, marker or monument that is accessible to the public.

Funds may *not* be used for research, design, fund-raising activities, or replication or construction of family commemorative monuments.

Project Information

Design and wording of projects funded under this program must be approved by the Trust, and credit for the Trust's participation may be required on the commemoration.

The materials to be used in the construction of the plaques, markers and monuments must be resistant to weathering and vandalism.

Funding Details

Funds are granted on a cost-sharing basis, and are available for 12 months from the date of the award.

Program Divisions

The Community Heritage Markers Program has three divisions. Within each of these, funding is available in two categories: local/regional and provincial/national. The amount of assistance granted for each proposal is governed by these categories.

The divisions for the purposes of this program are:

Heritage Plaques

A "heritage plaque" is a sign conveying basic information and affixed to an existing structure.

Up to \$750 per plaque is available for the manufacture and installation of heritage plaques.

Heritage Markers

A "heritage marker" is an outdoor display produced as a panel exhibit or cairn conveying interpretive text and normally free standing.

Up to \$6,000 is available for the production of the interpretive panels and on-site construction supports.

Heritage Monuments

A "heritage monument" is an outdoor structure whose three-dimensional design represents some aspect of a heritage topic.

Up to \$15,000 is available for the construction of the monument and the production of the interpretive component.

How to Apply

Complete the application form provided by the Trust.

The application must show that the plaque, marker, or monument will

- increase the public's knowledge of B.C.;
- not duplicate existing recognition of the topic;
- be accessible to the public;
- be located in British Columbia;
- be a "stand alone" unit and not part of another operation such as a community museum;
- be constructed of appropriate materials;
- have adequately provided for long-term maintenance.

B.C. HERITAGE TRUST

If the sponsors of the project have developed or are considering a long-term plan to recognize the history in their area through a commemorative program, an outline of that plan must be included with the application.

Community Heritage Commemoration Awards – 1990/91

Delta Agricultural Hall Plaque \$300

Awarded to the Greater Vancouver Regional District Parks Department to produce a plaque commemorating the restoration of the Delta Agricultural Hall.

Ginger Goodwin Statue \$18,000

Ginger Goodwin was a prominent figure in the development of mining unions in B.C. The City of Trail and the Nelson-Trail & District Labour Council will build a commemorative statue and heritage park.

Saturna and Pender Island Plaques \$700

The B.C. Historical Federation (Gulf Islands Branch) will undertake the installation of two historical plaques, one at the Saturna Island Public School and one at Egeria Rock on South Pender Island. The plaques commemorate the heritage of the Gulf Islands.

Conferences and Societies

Program Goal

The Conferences and Societies Program assists organizations hosting conferences, seminars, lectures or workshops which have a significant emphasis on B.C.'s heritage.

Use of Funds

Trust funds may be used:

- for special provincial events; and
- to assist provincial organizations to co-host national or international conferences in the province.

Funding may cover:

- guest speakers' honouraria and travel;
- advertising and promotion; and
- other amenities.

Events must be held in B.C. and be sponsored or co-sponsored by organizations based within the province.

Funds may not be used for annual provincial conferences, annual general meetings or annual reports.

Funding Details

The maximum funding per project is \$10,000. Financial assistance is made on a cost-sharing basis with the sponsor.

The amount of funding depends on the number of delegates and how much of the program deals with B.C. heritage, including technical or thematic applications.

The Trust's contribution should be acknowledged in printed material and with on-site signs.

How to Apply

Apply by letter to the Trust, and include:

- details about the group applying for assistance and its authority for doing so;
- conference information such as theme, dates and location;
- a conference outline and/or program which lists speakers, planned events, field trips and any other conference elements;
- a detailed expenditure and revenue budget; and
- projected attendance.

Conferences and Societies Awards – 1990/91

Fathoms Conference \$25,000

Awarded to the Underwater Archaeological Society of B.C. to support the development of a "Fathoms" Conference, a two-day conference on ocean and maritime heritage.

Heritage Society of B.C. 1990/91 \$86,000

Awarded to the Heritage Society of B.C. to provide support for the operational requirements of this provincial heritage organization.

Heritage Society of B.C. 1991/92 \$71,860

To provide the operational base for this provincial heritage agency during 1991/92, and to identify specific projects for the coming year.

Native Natural Resources

Workshop \$5,000

This award to the College of New Caledonia will support a conference in Prince George, to explore means to incorporate native culture into the education system.

The Midden 1990/91 \$2,500

Awarded to the Archaeological Society of B.C. to support publication of *The Midden*, newsletter of the A.S.B.C.

Underwater Archaeological

Society of B.C. 1990/91 \$21,000

This grant will aid the development of the Underwater Archaeological Society of B.C. during Fiscal Year 1990/91.

Heritage Area Revitalization

Program Goal

The Heritage Area Revitalization Program (HARP) provides funding to assist communities with the restoration of well-defined groups of buildings which were important in the early development of the community and which have significant visual impact.

Use of Funds

Trust funds may be used for:

- restoration and rehabilitation, including planning and research, and restoring and cleaning historic building facades, monuments and signs;
- overhead, including design services of specialists such as architects and engineers;
- interpretation, including the placing of plaques and kiosks and other programs which enhance appreciation of the area's heritage value; and

- the altering of other building facades to maintain a consistent architectural theme within the heritage area.

Project Information

Projects funded under this program may be of up to three years duration.

Information to help communities prepare and implement a HARP project is available at Trust offices. Trust staff must be consulted during the early planning stages of a project.

Funding Details

The maximum funding per project is \$300,000. Funds are provided as follows:

- at least 60 percent for restoration and/or rehabilitation;
- at least five percent for interpretation;
- up to 35 percent for overhead, design and/or compatible renovation.

Kaslo concept sketch.

The municipal government and the private sector must, together, contribute matching funds that at least equal the Trust's contribution.

Municipal councils and regional district boards, which normally administer this program, are accountable for funds awarded by the Trust.

Municipalities must appoint a coordinator to administer the program.

How to Apply

Apply for funding under this Trust program by preliminary project proposal, which is required for initial evaluation.

Include in the proposal:

- historical information about the area's development, such as dates, architectural information and any available historical photographs;
- a small-scale plan showing the location of the project area within the community;
- a larger-scale plan defining the area's boundaries and noting important buildings and physical features;
- sequentially mounted colour pictures of streetscapes and building facades;

- notes on the general conditions of buildings and the extent of planned renovations to facades and street designs;
- a letter from council stating that this is a priority council project;
- a list of active community heritage groups, with supporting letters;
- clear proof of support from the community, including owners of the buildings involved;
- a letter outlining the method of control to be used in the heritage area, such as development permit or designation; and
- a proposed budget including other sources of funding.

Each applicant who submits a successful preliminary proposal will be asked to make a detailed presentation based on the same information.

If needed, funding up to a maximum of \$5,000 may be provided to prepare the second proposal.

Participation in other government programs may affect eligibility and/or allocations.

Heritage Area Revitalization Awards – 1990/91

HARP Grand Forks (Stage 1) \$2,000

A supplementary award to the City of Grand Forks to complete a Stage 2 application for the downtown core of Grand Forks.

HARP Kaslo (Stage 1) \$5,000

The Village of Kaslo received Trust assistance to prepare a detailed proposal for a HARP Stage 2 program for the downtown commercial core.

HARP New Westminster (Stage 2) \$300,000

The well-defined historic commercial core of New Westminster's Columbia Street includes the greatest concentration of extant early buildings in the downtown. This comprehensive Stage 2 program will further the revitalization of this historic area.

HARP Revelstoke \$17,500

The City of Revelstoke is continuing work within the Revelstoke HARP area, with the restoration of the Scarcelli Building.

Historic Cemeteries

Program Goal

The Historic Cemeteries Program assists with the restoration, protection and interpretation of historic cemeteries and burial places which are under provincial jurisdiction.

Use of Funds

Funds may be used for restoration, protection and interpretation of cemeteries which have been closed for more than 50 years or contain a majority of grave markers that are more than 50 years old. The area being restored must be closed to further burials.

Funds may *not* be used for replication of gravestones, construction of family commemorative monuments or regular maintenance.

Project Information

All projects funded under this program must have restoration as the main objective. Historical accuracy must also be a primary goal.

Project sponsors must demonstrate a commitment to secure and maintain the restored area after the funded project is complete.

Funding Details

The maximum amount available for restoration and protection is \$3,000. The maximum amount available for interpretation is \$500.

Funds are granted on a 50-50 cost-sharing basis, and are available for two years from the date of the award.

How to Apply

Complete the application form provided by the Trust.

Applicants must be nonprofit organizations or local governments.

The application must include:

- a complete project budget, including all other revenue sources and amounts;
- a letter of "agreement in support" from the registrar of the Cemeteries Branch, Ministry of Labour and Consumer Services;
- proof of the applicant's trusteeship or ownership of the cemetery or demonstration of a substantial historical association with the cemetery;
- current and, if possible, historic photographs of the cemetery; and
- a statement of intent by the applicant.

Historic Cemeteries Awards – 1990/91

Camp McKinney Pioneer Cemetery

\$1,100

The Oliver Heritage Society will protect the Camp McKinney cemetery with fencing and identify the site with a plaque.

Fairview Pioneer Cemetery

\$500

Awarded to the Oliver Heritage Society to protect the Fairview cemetery with fencing and install a plaque.

Planning and Inventory

Program Goal

The Planning and Inventory Program funds projects that further the development of a community heritage program, or enable conservation planning for specific heritage resources. These projects may be sponsored by local governments, nonprofit societies, or post-secondary institutions.

Use of Funds

Trust funds may be used to:

- assist in the planning of a community heritage management strategy;
- prepare conservation guidelines;
- establish design guidelines;
- conduct preliminary or comprehensive surveys;
- prepare an inventory of heritage resources; and
- carry out site planning and feasibility studies for the conservation and development of heritage resources.

Project Information

Heritage resources include the built environment, archaeological sites, pre- or post-contact artifacts, marine shipwrecks and related materials.

The final product of any project funded under this program must meet the specific quality standards required by the Trust. Details are available from Trust offices.

Funding Details

The maximum project funding is \$50,000.

Funds are usually awarded on a 50-50 cost-sharing basis, and the sponsor is expected to contribute a major amount to the project budget. In exceptional cases, funding of up to 100 percent of the project's cost may be considered.

How to Apply

Complete the application form provided by the Trust. This must be accompanied by:

- a statement of the planning objectives for the project;
- a map and/or photographs of the area or resources to be addressed by the project;

The proposal must define the study area well and indicate the distribution of the resources.

Trust staff expect to review the work in draft form for comment prior to project completion.

Please note: Projects involving archaeological resources must meet permit requirements of the Archaeology Branch of the Ministry of Municipal Affairs, Recreation and Culture.

Projects involving moved buildings may be subject to the moved buildings policy detailed under the Building Restoration Program.

Planning and Inventory Awards – 1990/91

Burrard Inlet/Howe Sound

Underwater Inventory \$20,700

The Underwater Archaeological Society of B.C. will undertake a survey and prepare a status report on the historic shipwrecks of Burrard Inlet and Howe Sound.

Christ Church Cathedral, Vancouver

\$50,000

Christ Church Cathedral was founded in 1880 as a parish church. The Parish was awarded this grant to prepare a plan for the restoration and revitalization of this prominent building in downtown Vancouver.

Gellatly Nut Farm, Westbank \$5,000

The Gellatly Nut Orchard in Westbank contains a unique collection of germ plasm material for many kinds of nuts suited for culture in Canada. The Regional District of Central Okanagan will prepare a feasibility study for the preservation of the orchard.

Haney Park Development Plan \$6,650

The Salmon Arm Museum & Heritage Association manages the 40-acre R.J. Haney Park, consisting of the original 1910 house and the 1910 Mt. Ida Church. Funding will assist in the preparation and implementation of a business plan for the park.

Hazelton and Region

Resource Inventory \$25,000

The Village of Hazelton will prepare a heritage strategy and resource inventory for Hazelton and the surrounding area.

R.J. Haney Heritage Park.

Heritage Building Preservation Strategy, Chilliwack \$15,000

The District of Chilliwack will formulate a building preservation strategy and policy.

McBride Railway Station \$6,730

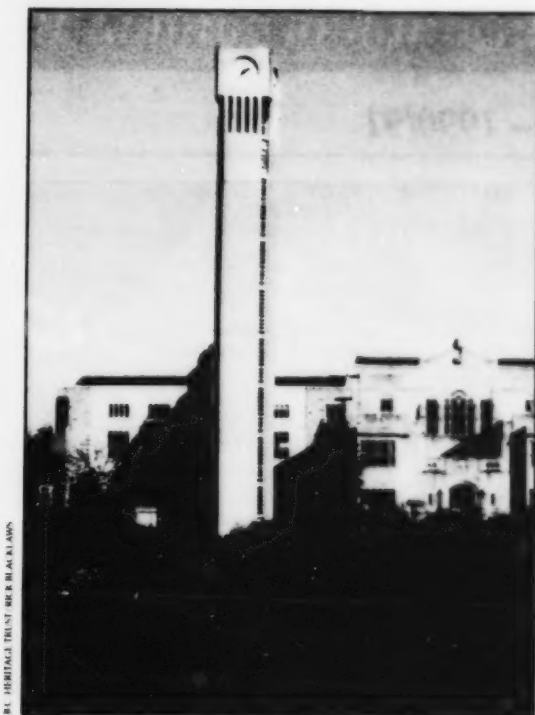

Awarded to the Village of McBride to prepare a feasibility study and plan for restoration of the most visible heritage resource in McBride.

Orchard Cabins, Crippen Regional Park \$7,500

Situated on Bowen Island, the Crippen Regional Park was originally owned by the Union Steamship Company, which built a cluster of vacation cabins for rent. The Greater Vancouver Regional District will use this grant to evaluate their structural condition.

Post-1940s Building Inventory, Vancouver \$12,500

This grant will help the City of Vancouver Heritage Advisory Committee to expand the current inventory of heritage buildings in Vancouver to include post-1940 buildings that have architectural merit.

RE: HERITAGE TRUST AND B.C. LANDS

Carillon and Clock Tower at U.B.C.

Salt Spring Community Centre, Ganges

\$2,500

The Salt Spring Island Community Society will prepare a feasibility study for the restoration of the first hospital in the Gulf Islands, the Lady Minto Hospital, for use as a community centre.

Spallumcheen Heritage Inventory \$18,000

In preparation for the Township of Spallumcheen's centenary, assistance has been provided to conduct a survey of some 200 sites in the Township and prepare a heritage management strategy.

Squam Bay School

\$3,200

Since 1918, this pioneer log school-house has been the centre of social events in the farming community of Squam Bay, near Kamloops. The Squam Bay Community Club will prepare a feasibility study and plan for restoration of the school.

Squamish Car Barn

\$9,025

Awarded to the West Coast Railway Association to produce as-found drawings of the original Pacific Great Eastern Wood Car Shop building at the B.C. Rail Squamish Shop.

St. Luke's Church

Feasibility Study

\$7,560

Funds were provided to undertake a feasibility study of the Church of St. Luke, built in 1886 in Saanich.

Versatile Shipyard Inventory

\$8,000

The Wallace/Burrard/Versatile Shipyard site as a major employer, has been a key factor in North Vancouver's development and a waterfront landmark since the turn of the century. The City of North Vancouver will undertake an inventory of this site.

SQUAM BAY COMMUNITY CLUB

Squam Bay School before restoration.

Publications Assistance

Program Goal

The Publications Program funds the publication of new, well-documented material on British Columbia's heritage.

Use of Funds

Trust funds may be used for production and printing costs, and are *not* intended to support research.

All publications receiving Trust funds must include the following credit line: "Financially assisted by the Ministry of Municipal Affairs, Recreation and Culture through the B.C. Heritage Trust and B.C. Lottery revenues".

Project Information

Publications funded under this program should improve public awareness of B.C.'s urban and rural heritage, promote the preservation of this heritage, or provide information on conservation techniques for both professionals and nonprofessionals.

Manuscripts must be complete but not typeset, to allow editorial changes.

The Trust will consider publications in any of the following four categories:

Category I – Special issues of periodicals, pictorial collections, reminiscences, bibliographies, genealogies and collections of tapes. These works should include source citations, an index and a list of cited references.

Category II – Local histories, archival manuscripts and technical handbooks. These works *must* include source citations, a thorough index and a list of cited references or a bibliography.

Category III – Works that focus on regional histories or events. These must meet professional and academic standards, and be valuable resources for research.

Category IV – Thematic monographs relating to the history of the province, rather than local or regional events and histories. Works in this category are expected to meet the highest levels of professional and academic standards.

These projects are **not** considered for funding under this program:

- films;
- slide packages;
- videotapes; or
- reprints (regardless of when the material was previously published).

Funding Details

The maximum funds available are:

- Category I - \$1,500;
- Category II - \$2,500;
- Category III - \$5,000; and
- Category IV - \$7,500.

Funds are released when the Trust offices receive three copies of the printed publication which represent the best quality of the press run.

How to Apply

Complete the application form provided by the Trust, and submit it with a copy of the manuscript. Applicants must be proprietary or incorporated publishing companies, or registered societies.

The application should detail arrangements for:

- graphic design;

- maps;
- photographs or other types of illustrations;
- typesetting and paste-up;
- printing and binding; and
- distribution.

Each application is reviewed by the Publications Committee and, in some cases, by academic or specialist referees.

Because decisions are based on manuscripts as they are received, applicants are encouraged to submit complete and representative works.

Please note: All applicants to this program are strongly advised to consult the technical paper, *Local History in British Columbia*, at the earliest stages of manuscript preparation. Copies are available at a cost of \$5.00 from Trust offices.

Publications Assistance Awards – 1990/91

Chalice in the Wilds \$1,000

Braemar Books Limited

Edward Francis Wilson presents Canadian memoirs of a Victorian missionary.

Edifice Complex: A Poor Man's Purse - A Century of Dreams \$1,500

James Bay United Church

Matthew Kynaston's history of Victoria's James Bay United Church.

An Enterprising Life \$5,000

Talon Books Limited

Cyril E. Leonoff presents over 200 photographs by Leonard Frank, an early B.C. photographer, taken between 1895 and 1944. The photographs feature corporate and industrial subjects.

Fulfilling a Dream \$2,500

West Vancouver Memorial Library

A history of the West Vancouver Memorial Library, 1919-1990, by Sally Carswell.

Ginger \$6,000

Harbour Publishing Limited

Susan Mayse's biography of labour leader Albert 'Ginger' Goodwin.

Helen Dawe's Sechelt \$1,000

Harbour Publishing Limited

A history of this Sunshine Coast community by Helen Dawe.

Homesteads and Snug Harbours: The Gulf Islands \$1,500

Horsdal & Schubart Publishers Limited

Peter Murray's history of the Gulf Islands.

The Meeting of the Winds \$1,500

Wayside Press Limited

Marjorie M. Selody's pictorial history of Falkland.

The People of the Harrison \$2,500
Abbotsford Printing Inc.

Daphne Sleight describes the early life of native Indians, miners and loggers in this upper Fraser Valley area.

Powell Street Monogatari \$1,500
Japanese Canadian Cultural Association
History Preservation Committee

A personal reminiscence, by Katsuyoshi Morita, a Japanese-Canadian, about his internment during World War II and afterward.

Robin Ward's Vancouver \$6,250
Harbour Publishing Limited

A collection of original drawings by Robin Ward, with descriptions and history, of some 65 heritage buildings.

Salmon Canneries - British Columbia North Coast \$5,000
Oolichan Books

A pictorial history of the salmon canning industry by Gladys Blyth.

Steel Rails and Iron Men \$5,000
Whitecap Books Limited

A pictorial history of the Kettle Valley Railway by Barrie Sanford.

The Story of the Sechelt Nation \$5,000
Harbour Publishing Limited.

Lester Peterson describes the life, times and religion of the Salish people of the Sechelt Peninsula.

Three Women of B.C. and the A.C.W.W. \$1,250
Shirley Women's Institute Historical Research Group

By Jean Robinson, based on the history of the Associated Country Women of the World.

Treasured Memories Old and New \$1,500
South Clearview Historical Club

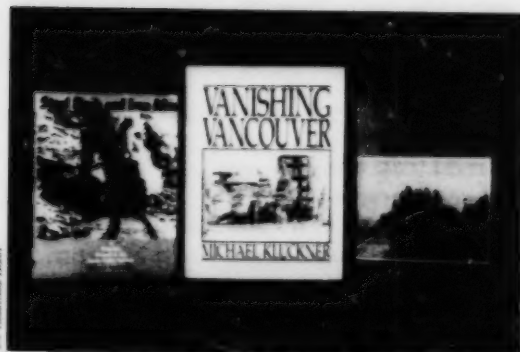

The South Clearview Book Club has collected personal reminiscences of the pioneers of this Peace River farming community.

Vanishing Vancouver \$5,000
Whitecap Books Limited

Michael Kluckner presents a comprehensive study of Vancouver's architectural styles and heritage preservation issues, illustrated with original watercolours and historic photographs.

West Kootenay: The Pioneer Years \$2,500
Sunfire Publications Limited

An illustrated history of Kootenay mining towns by Garnet Basque.

Religious Building Restoration

Program Goal

The Religious Building Restoration Program funds exterior restoration of designated, or otherwise legally protected, heritage buildings of a religious nature, such as churches, synagogues and temples.

Use of Funds

Trust funds provided under this program may be used only for exterior restoration costs. Maintenance and operating costs and other project costs are *not* funded through this program.

Project Information

All restorations carried out under this program must be historically accurate to the original design.

The policy on moved buildings as described under the Building Restoration Program (page 15) also applies to this program.

Funding for building security systems, also as detailed in the section on the Building Restoration Program is available under the Religious Building Restoration Program as well.

Funding Details

The funding per project is 50 percent of eligible costs to a maximum of \$30,000. Funding is made on a once-only basis.

How to Apply

Complete the application form provided by the Trust.

The application must be accompanied by:

- current pictures of the building exterior and, if possible, a historic photograph;
- details of ownership and state of title of both the building and the land on which it is situated;
- a copy of the designation bylaw, or equivalent agreement or Band bylaw, providing long-term legal protection from demolition or removal;
- a letter of support or a similar resolution from the appropriate local government, including an indication of the project's priority within the area's heritage program; and
- copies of any relevant architectural, engineering or historical studies.

Religious Building Restoration Awards – 1990/91

Kwakiutl Band Church,

Port Hardy

\$15,646

The Kwakiutl Band Council will restore this church, built by Band members in 1929.

North Pine United Church,

Fort St. John

\$8,500

The North Pine United Church will revitalize this church as part of a 50th anniversary celebration.

Sacred Heart Mission

House, Greenwood

\$7,350

Built in the early 1900s as a Parish residence, the Sacred Heart Mission House made a valuable contribution to the community, especially in the development of early missionaries and in support of pioneer families of the Kettle Valley. This grant will assist the Sacred Heart Parish Heritage Committee with the restoration.

Restoring St. Peter's Church, Quesnel.

Shackan Church, Merritt \$12,885

The Shackan Indian Band plans to restore and preserve this 1915 Anglican church, a fine example of a high quality log building.

Sixth Avenue United Church, New Westminster \$30,000

Sixth Avenue United Church will restore this 1911 church, designed in the style of the English Arts and Crafts tradition, as a celebration of 100 years of Christianity in the community.

St. Andrew's Church, Comox \$7,500

An additional award to the Kiwanis Club of Comox to assist with restoration of this ca. 1873 church.

St. Gregory's Church, Osoyoos \$5,000

The Osoyoos Indian Band plans to rehabilitate this late 1800s church that has been in use for a century and continues to serve the community.

St. Louis Catholic Church, Cache Creek \$30,000

The Bonaparte Indian Band will use this grant to restore their 100-year old church for continued use.

St. Luke's Church, Westwold \$4,200

Awarded to the Westwold Community Church Organization Society to replace the cedar roof on this 1898 church.

St. Mark's Anglican Church, Invermere \$1,800

The Parish of Windermere, Diocese of Kootenay, plans to restore one of the few remaining pioneer churches in the Kootenays.

St. Mary's Church, Port Renfrew \$4,940

Originally erected at Somenos (near Duncan) in 1875, this early Gothic style building was sold in 1969 to the Port Renfrew Ecumenical Society and moved by truck and barge to Port Renfrew. The award will assist in its restoration.

St. Mary the Virgin Church, Metchosin \$10,000

The Parish of Metchosin will preserve Metchosin's most prominent historical site, the Anglican Church of St. Mary the Virgin, built in 1873.

St. Peter's Anglican Church, Hazelton \$30,000

The Anglican Synod of the Diocese of Canada will repair and restore the oldest building in Hazelton.

St. Peter's Church, Creston \$15,000

The Lower Kootenay Indian Band will restore this 1892 church, an important local historical site.

St. Peter's Church, Quesnel \$9,100

Built between 1904 and 1910 on the Red Bluff Indian Reserve near Quesnel, this church will be restored for the community by the Red Bluff Indian Band.

Scholarships

Program Goal

The Scholarship Program offers awards for graduate study in three fields—B.C. archaeology, B.C. restoration or heritage landscape architecture and B.C. history or archival management.

Scholarship Establishment

Each scholarship offered under the Scholarship Program is dedicated to the memory of an outstanding British Columbian:

Charles Borden was the "father of British Columbia archaeology." In 1949, Dr. Borden initiated an academic program in archaeology at the University of British Columbia.

Peter N. Cotton was a gifted restoration architect, a leader in his field, and a pioneer of heritage restoration architecture.

Willard Ireland was well known for his extensive documentation of B.C. history. As a writer and teacher, he made substantial contributions to the identification, interpretation and preservation of the province's heritage resources.

Scholarship Information

Scholarship awards are based on a candidate's scholarly record and other relevant documentation.

Awards are made annually at the discretion of the Trust—if there are no suitable candidates in any one of the three award areas in a given year, no award is made. Candidates must be willing to attend a personal interview with the Committee of Selection, if this is requested. Candidates may be reimbursed for normal travel expenses.

Only in exceptional cases will more than one award be given to the same person. The maximum award is one year at the M.A. level and two years at the Ph.D. level, and

each year's application is considered separately.

Award Details

Two Scholarships with a value of \$11,000 each are awarded on or about April 15.

An award must be accepted by May 15 of the year in which it is awarded. Studies must begin no later than February of the following year.

Awards are advanced in two installments, usually on September 1 and January 1. Each installment is released on receipt of a written request, along with proof of registration or continuation in the program of studies.

How to Apply

Complete the application form provided by the Trust, and submit it before February 15 of the academic year preceding the planned studies.

The following additional documentation is also required:

- three letters of academic reference, submitted by the writers directly to the Trust; and
- official transcripts from all institutions attended, also submitted directly to the Trust.

Scholarship Awards – 1990/91

Quenton Mackie & Charles E. Borden Scholarship 1990/91	\$11,000
---	-----------------

Mr. Quentin Mackie, a graduate student in Anthropology at the University of Victoria, was awarded this scholarship for his study to devise an integrated series of typologies for a single class of artifacts from the south coast (Salishan) area of B.C.

Special Initiatives

Program Goal

Under the Special Initiatives Program, the Trust *occasionally* provides funding for projects which do not meet the criteria of other programs.

Program Details

Projects funded under this program must be specifically related to heritage conservation. For example, the restoration of heritage objects could qualify for support.

Funding Details

Funds are provided on a 50-50 cost-sharing basis.

How to Apply

Apply by letter to the Trust. The following information must be included:

- information on the group applying and its authority for doing so;
- an outline of the experience and expertise of the key person responsible for the project;
- a clear statement of the project's background, purpose and objectives;
- a statement on how the project fits within the community's total heritage program; and
- a detailed estimate of all anticipated costs, including a list of other funding sources to show an ability to provide matching funds and, as well, to show how Trust funds would be used.

1980 S.R. Warren pipe organ restoration.

GRANT SMALLEY

Special Initiatives Awards – 1990/91

Alexander Mackenzie Trail Association \$5,000

Awarded to the Alexander Mackenzie Trail Association to promote the Alexander Mackenzie Bicentennial. A brochure map is being prepared, and this funding will cover the mailing and other associated costs.

COURTENAY & DISTRICT MUSEUM

Extracting part of the elasmosaur.

Comox Elasmosaur Excavation \$5,070

The Courtenay & District Museum & Archives will undertake further excavation of the Puntledge River Palaeontological Site in order to collect the remainder of the fossil skeleton of an elasmosaur, the first such dinosaur found in the province.

Emmanuel Pentecostal Church Organ, New Westminster \$30,000

The Emmanuel Pentecostal Church will restore this 1890 S.R. Warren pipe organ, designed and built for the church.

Nanaimo Museum Planning Study \$2,500

The Nanaimo Centennial Museum and Archives will undertake a coordinated development plan for the enhancement of Nanaimo's various heritage organizations.

Roundhouse '91 \$2,000

This award will assist the Friends of 374 in the public presentation of the Roundhouse Heritage Building and Locomotive 374, which pulled the Canadian Pacific Railway's first transcontinental passenger train into Vancouver in 1887.

Vintage Vessel Registry \$14,320

The Maritime Museum of B.C., in Victoria, will develop a Vintage Vessel Registry and recognition program for heritage vessels at least 40 years old.

Transportation Artifacts

Program Goal

The Transportation Artifacts Program, originally established in co-operation with Imperial Oil Limited, supports the restoration of transportation artifacts.

Use of Funds

Trust funds may be used for:

- restoration only, not purchase; and
- materials only.

Project Information

Transportation artifacts restored under this program must have a clear historic connection with and effect on British Columbia. To qualify, an object must be:

- the first of its type;
- the last remaining of its type;
- the best example of its type; or
- associated with a historic event.

In addition, an object must have been built in B.C. or have had a long period of continuous use in the province.

Sponsors must give a firm commitment that the object will be placed on public display.

Funding Details

The maximum funding per project is \$25,000. Funding is provided on a 50-50 cost-sharing basis.

How to Apply

Apply by project portfolio to the Trust, including:

- a letter of support from the local government;
- evidence of broad community support for the project;
- a detailed budget of all restoration costs, both current and anticipated; and
- proof that maintenance of the object is assured through an endowment, municipal funds or other source; and
- proof that the object will be publicly displayed.

Transportation Artifacts Awards – 1990/91

Birney Safety Car #400, Nelson \$11,250

The Nelson Electric Tramway Society will restore this trolley to operational condition for use on the Nelson Tramway.

Dates to Note

1991

Date	Event	Location
August 22-24	Trust Board Meeting	Fernie
September 17-20	Union of B.C. Municipalities Conference	Victoria
October 17-19	B.C. Museums Association Conference	Courtenay
October 17-19	Trust Board Meeting	Qualicum/ Parksville
December 5-7	Trust Board Meeting	Esquimalt/ Victoria

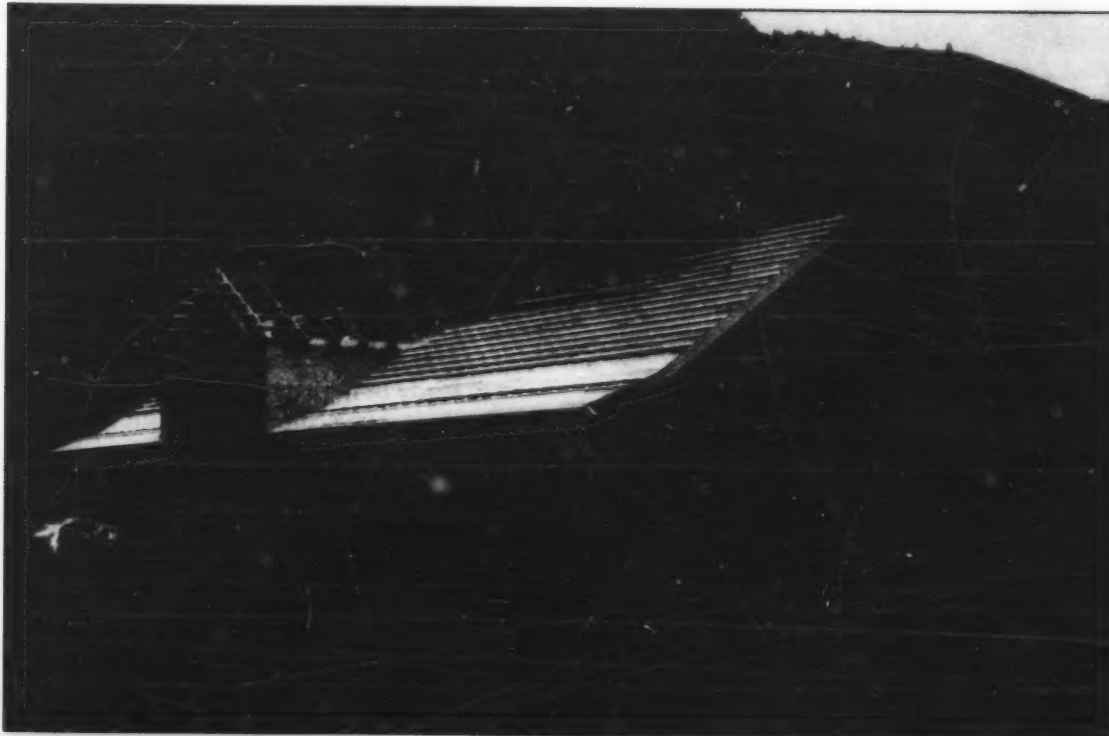

1992

Date	Event	Location
February 20-22	Trust Board Meeting Interchange '92	Lower Mainland
Mid-April	Trust Board Meeting	To be determined
May 21-24	Heritage Society of B.C. Conference	Vernon
Mid-June	Trust Board Meeting	To be determined
Mid-August	Trust Board Meeting	To be determined

BRITISH COLUMBIA *Heritage Trust*

ACTIVITIES

New Visitor Centre under construction at The Grist Mill.

COURTESY PAGE

Regional Heritage Development

Regional Heritage Development projects are developed in cooperation with other agencies to enhance heritage conservation and awareness on a regional and thematic basis.

The funded projects support special initiatives to interpret, promote and preserve the history and living heritage of the region. Presentation of the history of a theme within the defined project area is a prime objective.

Funded projects are intended to benefit communities by encouraging civic pride,

resident awareness of heritage, and economic diversification. Emphasis is focussed on the development of heritage interpretation and experiences, and on coordination and marketing of heritage components.

An integral aspect of the project is the establishment of an inter-community planning process with regional leadership. This planning will assist in identifying, presenting, marketing and managing the heritage resources, past and present, within the region.

Regional Heritage Development Awards – 1990/91

Cowichan/Chemainus

Ecomuseum 1991 \$100,000

To provide operational support for the implementation of the Cowichan and Chemainus Valleys Ecomuseum during the 1991/92 and 1992/93 fiscal years.

Ecomuseum Gateways \$25,000

This award to the Cowichan Valley Regional District will assist with the cost of architectural fees to prepare drawings for the Gateways to the Cowichan and Chemainus Valleys Ecomuseum.

Kootenay Tourism Study \$70,000

The Trust will assist the Tourism Action Society in the Kootenays in a study of heritage tourism in the Kootenay Region, co-operatively funded by the Ministry of Municipal Affairs, Recreation and Culture and the Ministry of Development, Trade and Tourism.

Community Pride

The Community Pride Program is a program of the British Columbia Heritage Trust, designed to help communities develop their heritage resources.

Community Pride does not provide funding or grants, nor does it duplicate the activities of other government programs, community organizations or consultants. This program offers support, facilitation services, encouragement, instruction and tools to community heritage organizations and local governments.

Qualified people in each region of the province have been retained by the program to help communities build effective heritage programs. They are available to conduct workshops and seminars that help community groups plan together, avoid duplication of effort, pool their resources, and exert greater collective influence.

The program and the workshops are built around the three basic skills needed for successful heritage development:

- Working with municipalities, community groups and business associations
- Building wide community support
- Knowing the techniques and systems that enable projects to be completed.

For a complete information package, including a Request for Workshop form, please write:

Program Manager
B.C. Community Pride Program
103 - 1216 Broad Street
Victoria, B.C. V8W 2A5
or call: 387-5133

Visit Some Special Places

B.C. HERITAGE TRUST/STEVE TUMALINON

THE GRIST MILL AT KEREMEOS BRITISH COLUMBIA

The Grist Mill is on Upper Bench Road, off Highway 3A just north of Keremeos. Here you can learn about its restoration and pioneer technology. A program of concerts, craft workshops, guest speakers and "Storytime" runs from June to October. Hands-on exhibits, the new Visitor Centre, housing a Tea Shop and Gift Shop, and heirloom gardens are also worth a visit! Call 499-2888 for program schedules and additional information.

B.C. HERITAGE TRUST/JIM WOOTEN

HISTORIC HAT CREEK RANCH

Explore and enjoy this site on the original Cariboo Wagon Road, near Cache Creek. Tour the rooms of the Roadhouse and the McLean cabin, and saddle up for a ride through the ponderosa pines. Examine the machinery of a horse-powered era and learn about early ranching in the Cariboo. Look for the Ranch signs 11 km north of Cache Creek—take Highway 12, 1 km west from 97. Visitor services are offered June to September. Call 457-9722 for information..

FINANCIAL STATEMENT

Year ended March 31, 1991

Auditor's Report

**To the Members of the Board of Directors,
British Columbia Heritage Trust, and**

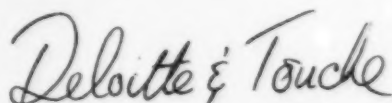

**To the Minister of Municipal Affairs,
Recreation and Culture,
Province of British Columbia**

We have audited the balance sheet of British Columbia Heritage Trust as at March 31, 1991 and the statements of revenue and expenditure and heritage investment fund and changes in financial position for the year then ended. These financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Trust as at March 31, 1991 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting principles detailed in Note 2 to the financial statements.

Further, we have examined the transactions that came to our notice in the course of the above mentioned examination of the financial statements of British Columbia Heritage Trust for the year ended March 31, 1991 to determine whether they were in accordance with the Heritage Conservation Act. Our examination of these transactions was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances. In our opinion, these transactions were, in all material respects, in compliance with the Act.

British Columbia Heritage Trust

Notes to the Financial Statements

Year ended March 31, 1991

1. Description of the Trust

The British Columbia Heritage Trust is a Crown Corporation incorporated under the Heritage Conservation Act, R.S.B.C. 1979, Chapter 165, and is an agent of the Crown. The object of the Trust is to encourage and facilitate the protection and conservation of heritage property in the Province.

2. Accounting Policies

Short-term investments

Short-term investments consist of units in Province of British Columbia Pooled Investment Portfolios and are recorded at the lower of cost and market value.

Fixed assets and depreciation

Costs incurred for the acquisition, restoration and upgrading of heritage property of the Trust in excess of \$1,500 are capitalized. Expenditures which do not relate to restoration and upgrading are expensed in the year. In the current year, \$39,416 has been expensed in accordance with this policy (1990-\$68,000). Donated property is recorded at the appraised value at the time of its receipt.

Due to the heritage nature of these properties, no provision is made for depreciation.

Grant expenditures

Grants to approved projects are recorded as an expenditure in the year the disbursement is made.

3. Change in Accounting Policy

During the year, the Trust changed its accounting policy for fixed assets. The Trust capitalizes all costs over \$1,500 incurred in the restoration of properties and capital upgrading of sites that enhance the market value of the sites. In prior years the Trust only capitalized costs over \$1,500 incurred in the restoration of buildings to their previous heritage state.

This change has been applied prospectively resulting in an increase of \$229,480 in heritage properties and the heritage investment fund in the current year.

4. Heritage Properties

	1991	1990
Land, buildings and furnishings		
Beachgrove	\$ 121,185	\$ 121,185
Hat Creek Ranch	830,471	668,682
Koremeos Grist Mill	605,852	387,726
Vallican Archaeological Site	82,080	82,080
Monte Creek	41,000	41,000
	<u>1,680,588</u>	<u>1,300,673</u>
Machinery and equipment		
C.P. Railway Business Car 19	47,041	47,041
Machinery artifacts	116,355	113,600
B.X. Stagecoach	20,000	20,000
Ontario Rail Car	5,000	5,000
	<u>188,396</u>	<u>185,641</u>
	<u>\$1,868,984</u>	<u>\$1,486,314</u>

5. Related Party Transactions

During the year, the Trust had the following transactions with the Province of British Columbia:

- Received grants from the British Columbia Lottery Fund amounting to \$2,550,000 (1990 - \$2,450,000).
- Received certain staffing, accommodation and administrative services for the Trust at no charge. The fair value of providing these services amounted to approximately \$384,000 (1990 - \$357,000).
- Earned income from its funds invested in the Pooled Investment Portfolio amounting to \$561,953 (1990 - \$457,299). In addition, the Trust paid to the Provincial Treasury \$7,620 (1990 - \$6,841) for management of the Portfolio.

6. Changes in Non-Cash Operating Working Capital Items

	1991	1990
Accounts receivable	\$ 450	\$ (450)
Accounts payable	37,470	(53,583)
	<u>\$ 37,920</u>	<u>\$ 54,033</u>

7. Commitments

The Trust is committed under non-cancellable operating leases for equipment and premises for \$23,700.

The Trust is committed under contracts for various professional services for \$660,300. The minimum amounts payable over the next two years are as follows:

	1992	1993
	\$651,700	\$8,600

The Trust had commitments for heritage grants totalling \$3,604,086 at March 31, 1991 (1990 - \$2,451,682) as set out in the attached schedule of commitments and disbursements of grants.

8. Contingency

The Province of British Columbia is a defendant in a land claims lawsuit which includes the Vallican property beneficially owned by the Trust. As at the date of these financial statements, this lawsuit has not been resolved and the Trust is unable to determine the likelihood or amount, if any, of the loss. If settlement of this litigation results in a loss to the Trust, it will be accounted for as a prior period adjustment.

British Columbia Heritage Trust

Letter of Intent

1991/1992 Programs

This Letter of Intent is not an application, will be reviewed by the staff only and does not commit the sponsor to any obligations. The purpose of the Letter is to serve as a planning tool to help both potential applicants formulate their proposals and to alert Trust staff of proposed projects in order to schedule workloads. It is recommended that all potential applicants complete the Letter to ensure contact is made with Trust staff at the earliest phases of project planning.
